

Lecture on Nurturing Creativity

7th March 2020

Electrical Technocrats Association (ETA) of the Department of Electrical and Electronics Engineering organized a Talk Show on **Nurturing Creativity** on 7th March 2020. The event was titled, 'The Eighth Colour'. Three emerging personalities from the film world presided over the function. Sri Baktha Kolahalan, Chandrakant and Udhaya Raghavan were the resource person for the event. ETA screened a short film, shot by the students, on the day. The film was scripted to emphasize the importance and relevance of Solar Energy. All the three guests were alumnus of our College.
