ABOUT OUR COLLEGE

Meenakshi Sundararajan Engineering College (MSEC) was established by the IJET Society in 2001. This institution is a part of the prestigious KRS Group of Institutions. The renowned IJET (Indian Institute of Engineering Technology) was established in 1947 by our Founder Late Shri. K.R. Sundararajan. The well-known Meenakshi College for Women and the more recently established Meenakshi Sundararajan School of Management also belong to the campus. The institutions on the KRS Campus are known for the quality education they impart and their stringent levels of discipline. We have consistently outshone all our peers, not only in academics, but in co-curricular activities as well.

Since inception MSEC has shown consistent performance in academics and extra-curricular spheres. The management strives constantly to develop this institution into a "CENTRE OF EXCELLENCE" imparting Engineering education to young men and women, grooming their overall personality with highest emphasis on ethical values and honing them to face the challenges of the industry and the nation at large.
