## I.I.E.T. SOCIETY

A LEGACY OF EXCELLENCE SINCE 1947

WHERE DREAMS TAKE FLIGHT AND SOAR

### A LEGACY BORN FROM A DREAM

In **1947**, Prof. K. R. Sundararajan a visionary, an educator, and a dreamer laid the foundation of what would become a beacon of learning for generations to come. He planted as a seed in Chennai's soil, a 14-acre sanctuary of learning called the I.I.E.T Society. For over **75 years**, that seed has blossomed into a thriving haven where lives are

transformed, futures are forged, and dreams find wings. The Indian Institute of Engineering & Technology (IET) Society was not just established, it was built with unwavering passion, relentless dedication, and a belief that education has the power to change the world. This isn't just a campus, it's a cradle of possibility, pulsing with the promise of a brighter tomorrow.

What started as a humble endeavor, became a sacred space through immense hardship, where young minds could dream, explore, and redefine possibilities.

### OUR SOUL'S CALLING: CRAFTING WORLD-CHANGERS

Creating a new generation of self-actualized learners is our *raison d'être*. If children are our future, then education is the key to their future. When education is shaped around them, and not the other way around, we are laying the foundation for a future/world where creativity, diversity and caring, independent-thinkers thrive with courage and conviction. Our curricula thrives on continuous learning while interacting with and incorporating real-world situations and challenges. Imagine a world led by those who dare to care, innovate, and dream big that's the future we're building - World Changers, one student at a time since 1951.

## OUR PRESTIGIOUS INSTITUTIONS: A HOME FOR EVERY ASPIRATION

The IET Society is home to premier institutions that have set benchmarks in education:

### MEENAKSHI COLLEGE FOR WOMEN (1975)

An Autonomous Institution

([www.meenakshicollege.com](http://www.meenakshicollege.com))

Empowering over 3,500 women scholars in Arts and Science, affiliated with the University of Madras.

### MEENAKSHI SUNDARARAJAN ENGINEERING COLLEGE (2001)

An Autonomous Institution

([www.msec.edu.in](http://www.msec.edu.in))

A center of technological brilliance affiliated with Anna University, with 2,500+ students shaping the future of engineering.

A crucible for business leaders, offering transformative MBA programs.

### MEENAKSHI SUNDARARAJAN SCHOOL OF MANAGEMENT (2001)

([www.mssm.edu.in](http://www.mssm.edu.in))

A revolutionary institution delivering IB and Cambridge education, nurturing global citizens from the ground up.

### THE NEST SCHOOL (2022)

([www.thenest.school](http://www.thenest.school))

Here, **4,500 women** - 60% the first in their families to chase higher skies—find a place to belong, to rise, to shine. Every step on this green oasis echoes with courage and triumph.

## A VISION THAT TRANSCENDS TIME - MOMENTS THAT DEFINE US

Our 75-year journey is adorned with milestones that define our unwavering commitment to excellence:

- Unbroken Promise: 75 years of lighting paths without pause - A promise kept for generations.
- Tamil Nadu's Finest: Our institutions glow among the Top 10, a testament to our relentless spirit and symbol of academic distinction.
- Empowering first-generation learners – Breaking barriers, transforming lives.
- Sustainable Campus – A 350KW solar power plant fulfilling 60 - 70% of our energy needs, with a vision to be carbon-neutral by 2030.
- Dreams Unleashed: Innovation & Incubation Hub – A cutting-edge 100-seater space nurturing tomorrow's entrepreneurs.
- A Thriving Student Community – 7,000+ students, 4,500+ of whom are women, nearly 60% being first-generation learners.
- Chennai's Green Heart: A lush escape where souls breathe free and ideas bloom wild

# WHERE PASSION MEETS PURPOSE: OUR CENTERS OF EXCELLENCE

At IIET, education goes beyond the classroom. Our specialized centers nurture talent, cultivate innovation, and forge pathways for real-world impact:

**Meenakshi Sundararajan Innovation & Incubation Center (MS-IIC)** – Partnering with T-HUB and Wadhvani Entrepreneurial Network to turn ideas into groundbreaking ventures. Apart from design and delivery of the “Entrepreneurship” program the center also handles institutional innovation and mentorship programs across the campus.

**Meenakshi Sundararajan Center for Industry-Institute Collaboration (MS-CIIC)** – Bridging academia and industry using industry linked skill development & curriculum deployment, through world-class Industry Centers of Excellence (ICE) in Cyber-Security, Cyber Forensics (Panchi), Robotics(Fanuc), IoT(Kone), Cloud Computing(Ananth), AR/VR(Vi Micro), Advanced Manufacturing(Ace/Siemens), and more.

A dynamic career and faculty development centre driving academic excellence toward global impact. MS-CDC empowers students to excel through tailored career portfolios, immersive industry sessions, international academic partnerships, university fairs, and cutting-edge faculty development.

**Sri Sankara Meenakshi Sundararajan Research Center (SSMSRC)** – Fostering a culture of inquiry, innovation, and global academic impact.

## STEP INTO YOUR DESTINY

At IIET, we don't just educate—we inspire, uplift, and empower. Every student who walks through our gates carries with them a promise—to dream bigger, to rise higher, and to create a world that is more inclusive, more innovative, and more extraordinary than ever before. We extend an invitation to you: join us on this remarkable journey. Let's build a future where education is not just a stepping stone but a catalyst for profound, lasting change - one beating heart at a time.

Welcome to the IIET Society—where passion meets purpose, and every dream finds a home.
