Policy for Advanced and Slow learners:

Methodologies to support slow learners and to Encourage advanced learners:

a. Methods to Identify slow learners:

Slow learners are identified based on their performance in Internal Assessment Tests and University Exams

Methodology to improve slow learners performance and attendance:

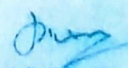

- Special classes are arranged for them. Weekly tests are conducted and assignments are given on regular basis
- Slow learners are splitted into groups and allotted under advanced learners. This facilitates the peer learning which would help them to understand the subjects more clearly and increase the level of understanding the concepts
- Student absenteeism and performance are continuously monitored by the subject handling faculty and Class Advisors.

b. Methods to identify advanced learners:

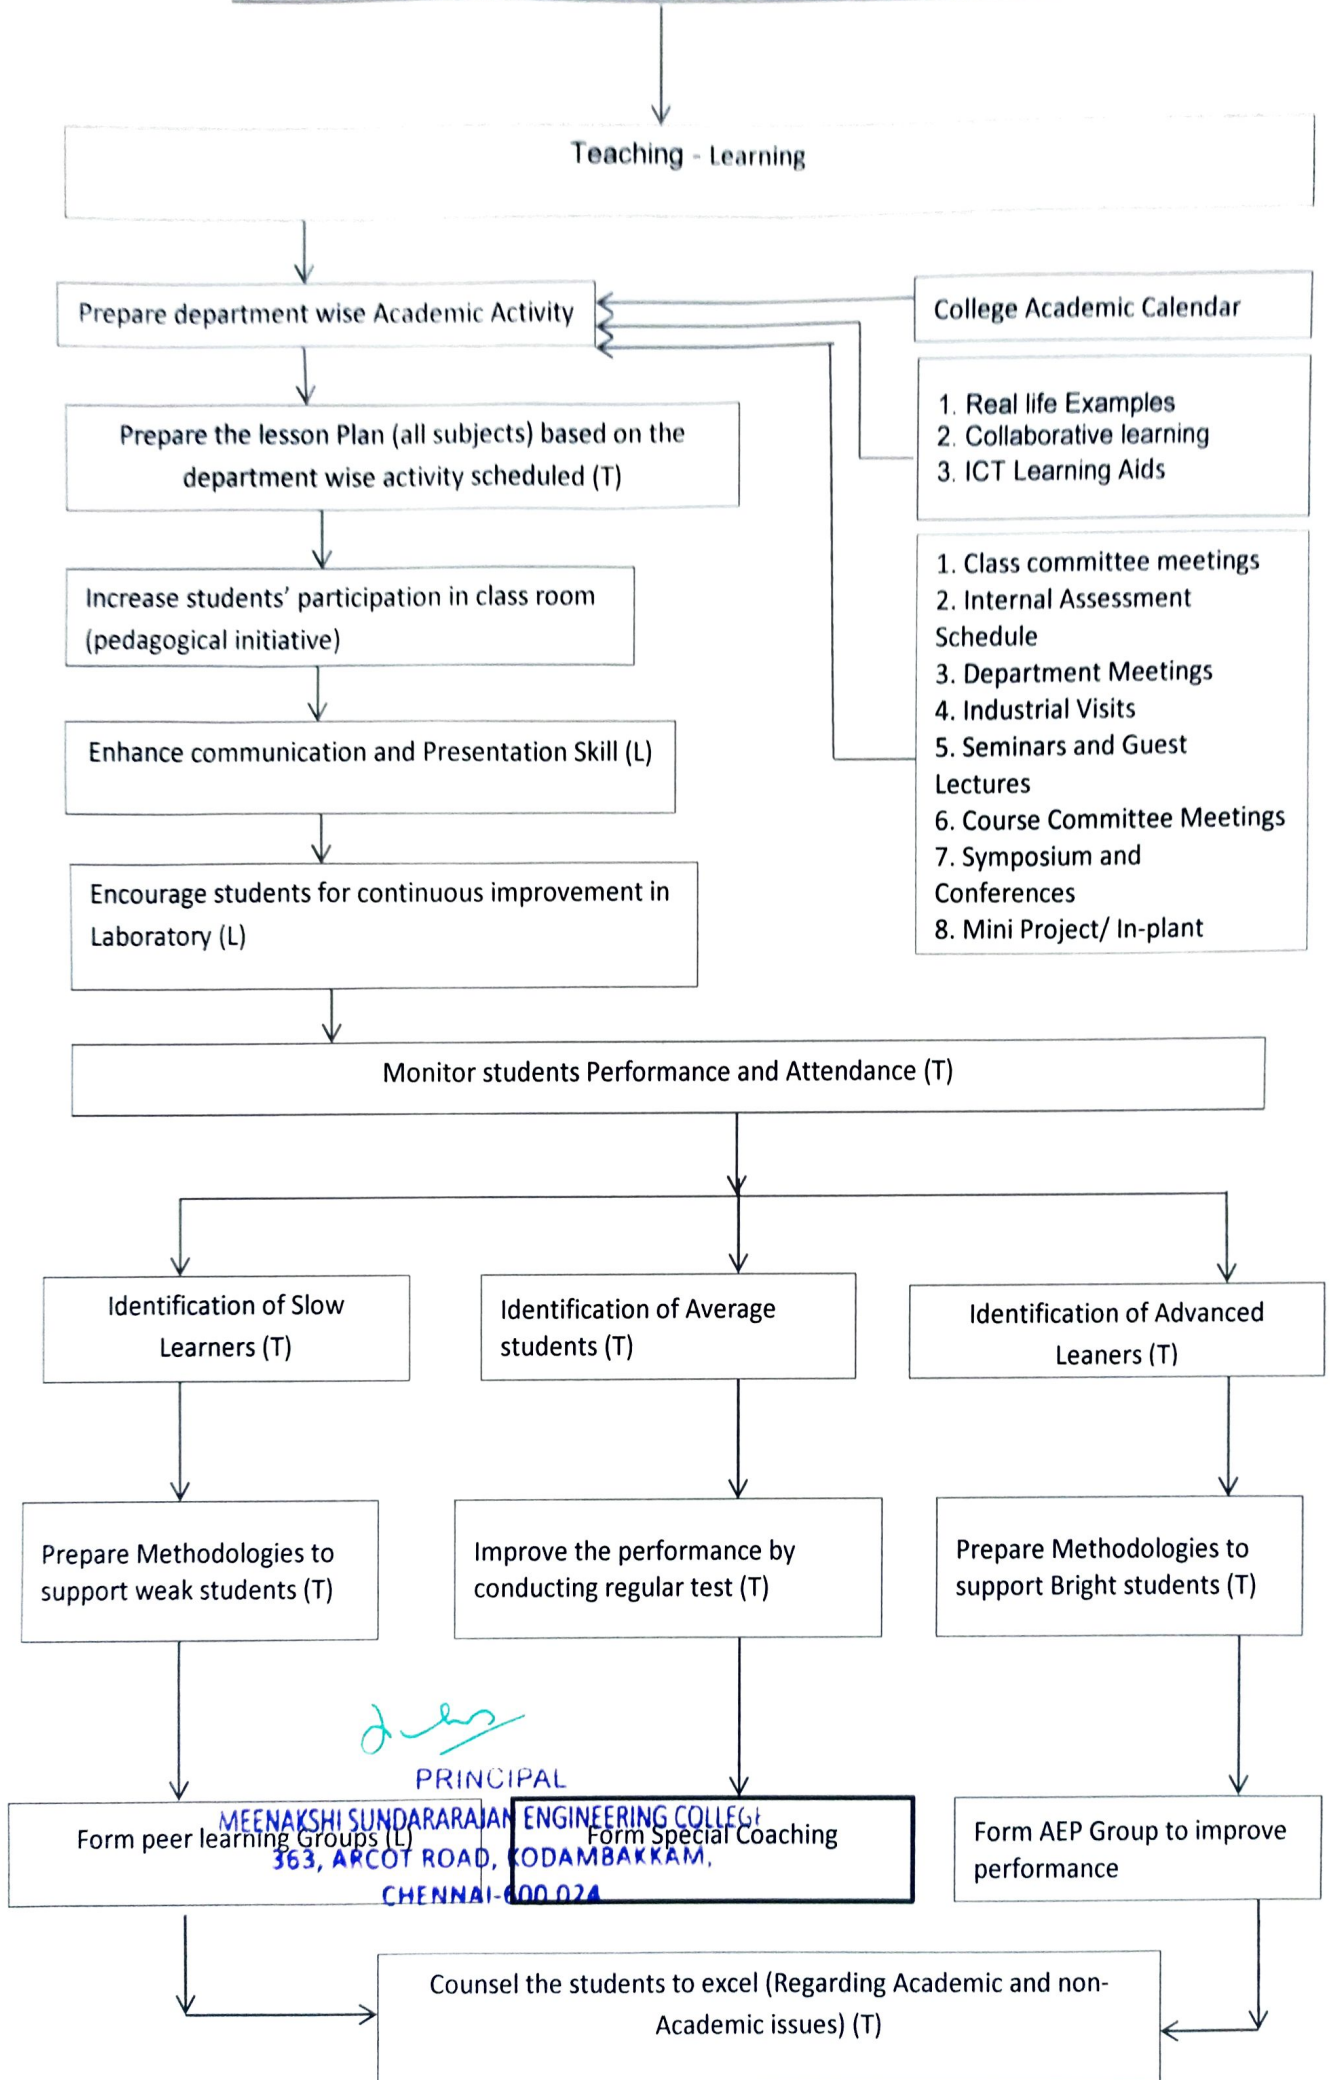

The advanced learners are identified from their participation in classroom discussions, quizzes, participation in classroom seminars, Innovative skills, questioning & answering abilities and performance in the Internal Assessment tests and End semester examinations

Methodology to encourage advanced learners:

- The Advanced learners are encouraged to participate in workshops, conferences and seminars to gain knowledge on the latest developments.
- The students are encouraged to take up industry based projects in the advanced topics under the guidance of the faculty members.
- They are provided with the guidance about project management and prototype building.
- AEP (Achieve Excellence Program) is conducted for the advanced learners to enrich their technical knowledge.
- Special assignments and guidance aiming for University ranks will be given to advanced learners. Guidelines for the career growth of advanced learners will be provided by the mentor
