C316.3	Assess the quality of water and waste water.
C316.4	Quantify the pollutant concentration in water and wastewater.
C316.5	Examine the conditions for the growth of micro-organisms.

C6612 Concrete and Highway Engineering laboratory (C317)

At the end of the course, the student will be able to

C317.1	Understand the test on the aggregates like specific gravity, los Angeles abrasion test and water absorption of aggregates.
C317.2	Understand specific gravity of bitumen and penetration test.
C317.3	Understand viscosity test and softening point test and ductility test.
C317.4	Understand stripping test and determination of binder content and Marshall stability and flow values of bituminous mixes.
C317.5	Understand field testing equipment like skid resistance tester / Benkelbeam etc.

CE6701 Structural Dynamics and Earthquake Engineering. (C401)

At the end of the course, the student will be able to

C401.1	Apply the laws of dynamics to establish simple and realistic mathematical models of engineering
C401.2	Formulate equation of motion for single degree of freedom subjected to free and forced vibrations
C401.3	Determine the natural frequency for multi-storey building subjected to dynamic loading
C401.4	Summarize the characteristics of earthquake and its effect on structures
C401.5	Estimate lateral forces and the behaviour of reinforced concrete and pre-stressed concrete structure under earthquake loading

CE6702 Prestressed Concrete Structures. (C402)

At the end of the course, the student will be able to

C402.1	Understand the materials used in prestressed elements and stress distribution of prestressed concrete members and to analyze the prestressed concrete beams.
C402.2	Have knowledge on methods of prestressing and able to design various prestressed concrete structural elements.
C402.3	Analyse for deflection of prestressed concrete members and design anchorage zone.
C402.4	Gain knowledge on analyze and design of composite beams and continuous beams.
C402.5	Design a prestressed concrete structures-sleeper, tanks pipes and poles.

Letter of Intent ("LOI")

Dear Boobalan V,

With reference to your application and subsequent discussions we had with you. We are pleased to inform that your candidature have been shortlisted for appointment as "Trainee" with **Atos Global IT Solutions and Services Private Limited** (referred as "Atos or Company").

Subject to completion of election and documentation process, detailed Offer letter will be issued to you, which will contain the following details:

- Date of Joining;
- Joining & Training location.
- Other terms and condition.

The location of your initial reporting, training and the date of your joining would be communicated to you in due course of time post successful completion of your final semester degree/diploma examination/ Documentation Process.

The date of joining and the location of posting will be based on business requirements.
Atos solely reserves the right to make any changes to the date of joining and the location of posting.

Upon joining Atos,

1. You are expected to enter into an employment agreement with the Company which shall contain details including the scope, terms and conditions of your employment and various obligations with the Company.
2. You will be on probation for a period as determined by the Company from your date of joining and subject to satisfactory performance your employment will be confirmed at the end of probation or such other extended period as the Company deems fit.
3. You may be required to undergo various training for a duration which will be purely based on business requirements. During the training period, your performance will be evaluated periodically.

Atos plans to invest in debut trainings and certifications to impart appropriate skills for the required services. Therefore, all "Trainee" (debut) are required to complete the training period and expected to remain in the service with Atos for a minimum period of 24 months from the date of joining. Failing to which, debut unconditionally needs to pay/reimburse the cost of training to Atos which will extend up to maximum of Rs.75,000/- (Seventy Five Thousand Rupees only).

Your selection and further procedure ahead is subject to your being found medically fit, you completing your academic course with the specified eligibility criteria as informed to you during selection process, and completing all necessary documentations & process pertaining to your educational verification and other employment criteria.

Atos reserves the right to decide the continuance of your further training and your employment with the Company depending on your performance in the opinion of the Company and documentation process.
The terms of this letter of intent shall remain confidential and are not to be disclosed to any third party.

You may note that this letter should neither be construed as an Offer of Employment from Atos nor should it in any manner confirm our obligations to make you an offer of employment.
We may, any time revoke this Letter of Intent considering incomplete documentation, failure to fulfil the eligibility criteria, background verification or at our discretion.

We request you to confirm back to us your acceptance of above terms and conditions herein by signing and returning the copy of this letter to Campus recruitment team (nanda.ancelm.external@atos.net) within 05 days from issuance of this letter, failing which this letter of Intent shall stand withdrawn/cancelled automatically. Should you have any query, please do not hesitate to contact Campus Recruitment team.

We look forward to hear from you soon and wish you a rewarding career ahead.

Thanking you.

Yours Sincerely,

For Atos Global IT Solutions and Services Private Limited

Dear Karthickprabhu D,
B.E., Electrical & Electronics Engineering
Meenakshi Sundararajan Engineering College, Chennai

Candidate ID – 19929899

Thank you for exploring career opportunities with **Cognizant Technology Solutions India Private Limited ("Cognizant")**. You have successfully cleared our initial selection process and we are pleased to make you an offer of employment. This offer is based on your profile and performance in the selection process.

You have been selected for the position of **Programmer Analyst Trainee**

During your probation period of 12 months, which includes your training program, you will be entitled to an Annual Total Remuneration (ATR) of INR 401,988/-. This includes an annual target incentive of INR 22,500/- as well as Cognizant's contribution of INR 19,500/- towards benefits such as Medical, Accident and Life Insurance. The incentive amount may vary, depending on Cognizant's performance and your performance. The other details about your compensation are detailed in **Compensation and Benefits**. Your compensation is highly confidential and if the need arises, you may discuss it only with your Manager.

On successful completion of the probation period, clearing the required training assessments and subject to you being part of a delivery project, your Annual Total Remuneration (ATR) would stand revised to INR 450,500/-. This includes an annual target incentive of INR 22,500/- as well as Cognizant's contribution of INR 19,500/- towards benefits such as Medical, Accident and Life Insurance, as applicable.

Your appointment will be governed by the terms and conditions of employment as presented in **Employment Agreement**. You will also be governed by the other rules, regulations and practices in vogue and those that may change from time to time. Your compensation is highly confidential and if the need arises, you may discuss it only with your Manager.

This offer of employment is subject to your fulfillment of other pre-requirements as detailed in this letter and other communications shared with you.

Please note:

1. This appointment is subject to satisfactory background verification including professional reference checks and you securing a minimum of 60% aggregate (all subjects taken into consideration) with no standing arrears in your Graduation/Post-Graduation.

This offer from Cognizant is valid for 3 months and hence you are expected to accept or decline the offer through the company's online portal within this time-period. In case we do not receive any response from you within this time-period, this Offer shall stand withdrawn and will be considered as void. Any extension to the offer validity will be at the sole discretion of Cognizant

2. Prior to commencing employment with Cognizant you must provide Cognizant with evidence of your right to work in India and other such documents as Cognizant may request.

3. Prior to joining Cognizant, you must successfully complete the prescribed Internship or Continuous Skill Development (CSD) program, if offered to you:

At Cognizant, we invest in skill and capability development of our campus selects even before they join us. This is through Cognizant Internship and Continuous Skill Development (CSD) program. These programs

Dear Pavithra,

Welcome to Infosys!

Today, the corporate landscape is dynamic and the world ahead is full of possibilities! None of the amazing things we do at Infosys would be possible without an equally amazing culture, the environment where ideas can flourish and where you are empowered to move forward as far as your ideas will take you.

At Infosys, we assure that your career will never stand still, we will inspire you to build what's next and we will navigate further, together. Our journey of learnability, values and trusted relationships with our clients continue to be the cornerstones of our organization and these values are upheld only because of our people.

We look forward to working with you and wish you success in your career with us.

Warm regards,

RICHARD LOBO

Certificate of Recognition

During the Internship Rohit P has exhibit great interest, enthusiasm and exposed to the various activities in AMAZON WEB SERVICES and completed the following project

Elastic File System and Loadbalancer for Multiple Servers

We found him/her extremely inquisitive, sincere, hardworking, dedicated and result oriented.

He/She was very much interested to learn the functions of our core division and also willing to put his/her best efforts and get into the depth of the subject to understand it better.

All necessary details were provided from our side for the establishment of this project.

We wish him/her the very best in all the future endeavors.

Dear Kamalinie

Ambition met promise four months ago when you joined our team as an intern in pursuit of an exciting career and an enriching experience. In this period, we have seen you commit yourself to our organization's high standards of learning and professional conduct.

It is a matter of great delight and pride for us to see you develop your skills as a technology professional and a future leader, and our company is fully committed to help you be the best you can be. We do believe we have you started on an exciting and rich journey of discovery of the self and the world.

Accordingly, we would like to welcome you into our team as a **Software Developer**

Your remuneration is set out in Annexure A.

Very soon, you will experience the real-world, high-performance software build floor that works with global clients on cutting edge projects. It will have its exhilarating highs and the occasional lows; how we handle these moments shapes our character and makes us strong.

We expect you to hold yourself to our high professional standards, and always remember to be guided by the **First Principles** of our company in all you say and do.

As we get started and scale up, your growth in this company is only limited by your learning, initiative and effort. We seek partners in growth and we hope you will seize the opportunities as they come your way.

Let's get started in earnest!

Best,

LETTER OF RECOMMENDATION

TO WHOMSOEVER IT MAY CONCERN

It gives me great pleasure to recommend M Saai Prasanna for admission to the master's program at your prestigious university. I have known him since 2018 and I have taught Manufacturing technology and Metrology and measurements as part of the academic subjects. During my interactions with him in the class, I found him to be a student with strong knowledge of fundamentals.

Being a thoughtful student, his views toward the subject concepts were different. His knowledge and application of the same at each level were exemplary. Not limited to this, his Final project 'Crimping upgradation to servo control drive' which was executed by him in the manufacturing industry (Brakes India Pvt Ltd.) showcased his full potential and his adaptiveness to the industrial environment within the short phase of the project execution.

Doing well in academics has not limited him to other sectors. He had done a great job as Event Coordinator for college events. Football has been his passion since childhood in which he continued to show his excellence in Inter & Intra college tournaments. Throughout the journey I had with him, I know him as a person who would always like to aspire more and reach it with his sincere and diligent efforts. It got further enhanced with his good leadership and time management qualities.

He always had a great zeal for pursuing master's studies. I truly believe that he will utilize his full potential and showcase exceptional performance during his studies. I hereby highly recommend him for the masters at your university. Given this opportunity, he will prove his talents to be the most valuable student in the university.
