DESCRIPTION

Every year, NSS of Meenakshi Sundararajan Engineering College conducts various activities for the students to bring out the best in them. With an attempt to explore and nourish the talents of the students as well to express their outlook on current issues, Meenakshi Sundararajan Engineering College organised an Essay Writing Contest on 27th July. Essay writing is not method of academic assessment, but also an art. This is an art of reporting and describing a topic. It helps to discover essay writing talent from the student community. The essay competition attracted an impressive number of entries and nearly 50 students participated in the competition. The students were asked to write on the topic "City life Vs Village life". The essay was judged on the basis of the student's vocabulary, presentation and creativity. The purpose of the competition was to encourage the students to enhance their thinking and writing skills. The essays were well written by the students. The students maintained the word limit and presented their essays in perfect English language. Students who participated in the competition performed brilliantly and reflected a good use of crafted language with excellent range of descriptors and mastery of sentence structure.
