Dear Mr Dixit Bhatt:

The Board of Trustees of this Trust are very pleased to offer you an assistance of Rs. 10000/- (Rupees Ten Thousand only) for the academic year 2020 - 21. **Can you please collect the cheque any day between 10 am to 5 pm from the above address and ensure that you encash it before 31 March 2021.**

We realize that you will be completing your Engineering course shortly and are preparing to face the challenges of the real world. Please note that the Board of Trustees would be interested in how you adapt to the working environment and challenges in the future. You can keep us informed of your achievements, job status etc and you can also call on us if you face any difficult situations that need support from the Board of Trustees.

As a final note, we are proud of Sri K Rangachari, in whose memory this trust has been formed; he was an engineer, and brought up all his five sons to be successful Engineers. His children have formed this Trust with the intent of assisting needy and deserving students during their Bachelor's degree in Engineering. **Since this Trust was formed with the intention of giving something back to the community, we would also like to see that spirit continued by the recipients of this Trust.** While we realize that it may not be possible for you to do this in monetary terms in the immediate future, you may still be able to assist the younger generation in other ways such as tutoring or mentoring while you are still continuing to find your place in the society. We sincerely hope that you will make a commitment to give back to the community even as you establish yourself in the profession. We are sure that you will agree that this is one small but sure way to ensure that we help the families struggling due to their financial status.

We wish you all the best in the future.
