Mrs. Subashree is a first-generation entrepreneur (ATRI HEALTH PRODUCTS) and she underwent Entrepreneurship training in medicinal and aromatic plants in ICAR-DMAPR, Anand Gujarat in the year 2020-2021. She is also an incubatee of this institution and is working with ICAR-DMAPR team on a few product ideas (such as Nano Herbal Deodorizer) that aims to promote green environment and enable farmers to cultivate medicinal herbs.

Prime Minister Shri Narendra Modi mentioned Subashree's name and her contribution in herbal terrace garden and herbal products in Man Ki Baat program in Sept 2021. Please check out the link <https://www.youtube.com/watch?v=reFo3Ex7XA0&t=1530s> (25th minute)

She was also profiled in The Hindu as well - <https://www.thehindu.com/news/national/tamil-nadu/she-uses-nanotech-to-make-herbal-products/article36815236.ece>

Also Subashree underwent training in bio technology and bio products, conducted by WEPA (Women Entrepreneurship Promotional Association) in association with SIDBI, Chennai during the year 2004.

Mrs. Subashree is post graduate in science (Physics) and has been studying traditional medicine and practices in Siddha (considered

to be amongst one of the oldest system of natural medicine) for the past 10 years. Her innate knowledge in horticulture, deep understanding of herbs has enabled her to integrate the fundamental principles of Siddha medicine combining the health benefits of Indian herbs, traditional home medicine practices to identify a range of products in various industries such

as Functional Health Foods, Organic Fertilizers and constituents and Herbal based Cosmetic Products.

Mrs. Subashree maintains a terrace garden with rich bio diversity ranging from growing rare medicinal herbs, vegetables and flowers and also has a nursery for the rare medicinal plants. The terrace garden and nursery right now has more than 400 types of medicinal herbs, some of them rare species and to be conserved for future. She also maintains a native seed bank of vegetables and herbal plants endemic to our country.

Her vision for our country is to build and nurture herbal bio parks as "biodiversity spots", which will enable showcasing rich collection of Indian medicinal herbs, encouraging research and development on those herbs that can treat and cure diseases, demonstrate the rich heritage of our country to our children.

School children and Siddha/Ayurveda college students as part of field trips visit ATRI Herbal Terrace Garden

Mrs. Subashree provides training for setting up, management of terrace garden by sharing her expert knowledge as a practitioner. She has setup herbal terrace garden for individuals and for corporate and educational institutions, has setup thematic herbal plants/trees biodiversity parks

Mrs. Subashree was interviewed in Makkal TV as well as Pudhiya Thalamaral for her efforts in championing terrace garden, herbal plants and organic fertilizers

Mrs. Subashree is very passionate about products that she has identified and she believes the range of products that she has advocated presents a mutually inclusive business model and that will resonate with and enable "Health in Harmony".

Her academic knowledge in science has rightly ensured that her products stand testimony to scientific analysis and reports. The company's flagship product "Health Mix" has been scientifically tested and validated for nutritional analysis with SGS India (www.sgsgroup.in)

She has rightly chosen Atri Maharishi as her teacher and named her company as "ATRI Health Products" with its tagline "Health in Harmony" in line with what ATRI Maharishi propitiated.

Mrs Subashree has widely appeared in many articles in newspapers and has provided interviews to various TV channels as subject matter expert in the areas of setting up and management of Terrace Gardens, cultivating and usage of native Indian medicinal herbs for healthier living.

Post-Event Report

Date: 17/02/2024

Academic Year: 2023-24

Name of the Event: Plants, People Health & Environment

Event Date: 13/02/24

Time: 10.00am-4.00pm

Venue: Mechanical Quadrangle

Number of Faculties registered: 60

Number of Faculties Attended: 55

Name of the Convener: Dr.R.Arivazhagan / Civil Department

Name of the Coordinator: Ms.M.Malini Gayathri / AP/Civil

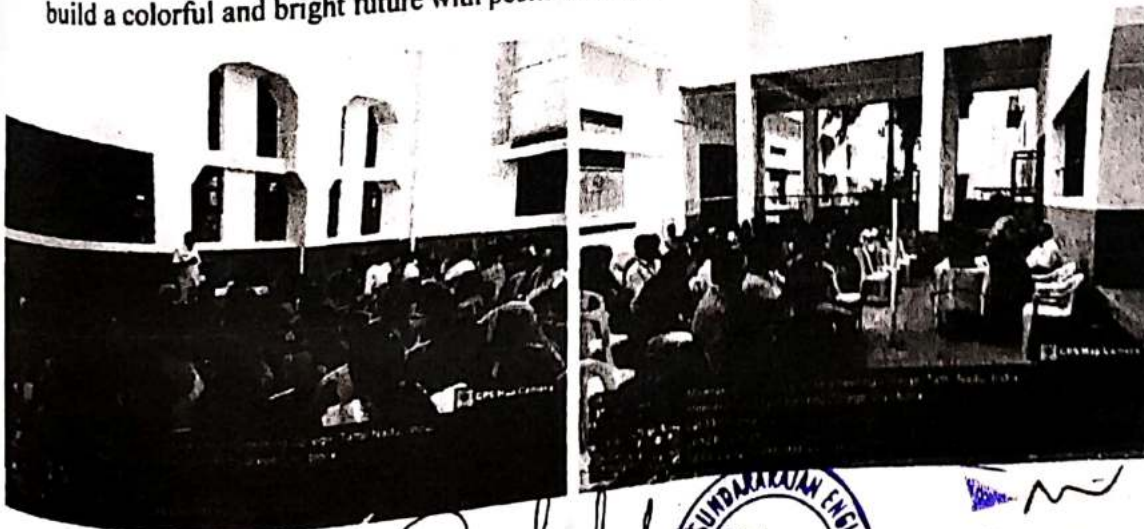

Resource Person: Ms.Subashree Vijay, Managing Director, Atri Health Products

About the event:

The Faculty Development program was organized for the faculty of Meenakshi Sundararajan Engineering College on 13.2.2024. This program started at 10.A.M with a prayer song followed by an introductory lecture on "Plants, People, Health & Environment" by the Chief guest Ms.Subashree Vijay, Managing Director, Atri Health Products

The program was successfully initiated by explaining the true meaning of medicinal plants and its real importance in the present day to day activity. The program is a completely interactive and thought-provoking session between the faculty and the chief guest. We understood the real purpose of medicinal plants and their values in human life and health practices.

After an interesting and enlightened session, the chief guest explained the importance and benefits of practicing the techniques of growing medicinal plants in the field on ground practice was given to faculty members on cultivating the plants and watering techniques, their herbal importance to human life. It helped the faculty to understand the medicinal values and their importance for human health to build a colorful and bright future with positive thoughts.
