AUTHOR PROFILE

Mr. E. Senthilkumar is working as Assistant Professor in the Department of Civil Engineering at Meenakshi College of Engineering, Chennai. He received his Master of Engineering in Structural Engineering (2016), Thiruvalluvar College of Engineering and Technology, Vandavasi and he has completed his Bachelor of Engineering in Civil Engineering (2013), Arunai Engineering College, Tiruvannamalai. He has pursuing his Ph.D degree in Civil Engineering, Anna University. He has 9+ years of teaching experience in civil engineering, engaging students with innovative methods and real-world applications. He has Published patents and research articles in Scopus journals, contributing to the advancement of the field.

N. Ravikumar is currently designated as an Assistant Professor in Department of Civil Engineering, Meenakshi Sundararajan Engineering College, Kodambakkam, Chennai, India. He has received his UG Degree from the Department of Civil Engineering at SNS College of Engineering in 2015. He has received his PG Degree from University College of Engineering, Tiruchirappalli in 2017. He has 7+ years of teaching experience in the field of Academic Experience and contributed many activities.

Dr. M. Ponni has designated as an Assistant Professor in Department of Civil Engineering, Meenakshi Sundararajan Engineering College, Chennai, India. She has received her UG Degree from the Department of Civil & Structural Engineering at Annamalai University in 2005. She has received her PG Degree from Anna University, Chennai in 2010. She has received her Ph.D degree from Annamalai University in 2019. She has published more than 10 papers both in International Journals and Conferences.

About Authors

Dr. P. Asha
Professor
Department of Civil Engineering
Meenakshi Sundararajan Engineering College
Kodambakkam Chennai

Dr. P. Asha has completed B.Tech and M.Tech from Pondicherry Engineering College and Ph.D. from Anna University, Chennai. She has 5 years of industrial experience in L&T ECC division Chennai and 17 years of teaching experience. She has published numerous publications in journals and conferences. She received the Viswakarma Award under the best paper category from Construction Industry Development Council, New Delhi in 2017. She had guided 70 UG and 10 PG students, currently guiding 2 PhD scholars and 1 scholar completed PhD. Her areas of interest include prestressed concrete structures, sustainable construction etc.. She has organized 30 national, international conferences, seminars and symposiums out of which two are sponsored by DST SERB. She is a reviewer of International Journal of Engineering and Mechanics, Australian Journal of Structural Engineering etc... She has 3 patents to her credit.

Dr. G. K. Arunvivek
Professor
Department of Civil Engineering
Dhanalakshmi Srinivasan College of Engineering,
Coimbatore.

Dr. G. K. Arunvivek is currently working as a professor in the Department of Civil Engineering, Dhanalakshmi Srinivasan College of Engineering, Coimbatore. He received his Ph.D degree from Anna University, Chennai. He completed his master degree in Structural Engineering and bachelor degree in Civil Engineering. He was a Silver Medalist in his PG programme. He is having 17 years of pedagogic experience and 12 years of research experience. His research areas include High performance concrete, Sustainable construction materials and Artificial Intelligence. He received grant from DST (SERB), AICTE, CSIR and organized several training programs. He has published 27 research papers in reputed International Journals; 17 papers in International and National Conferences. He received young scientist award from International research and development organization in the year 2018 and Outstanding doctoral thesis award from Indian Concrete Institute in the year 2019. He is a life time member of ISTE. He has guided 29 projects at under graduate level and 17 projects at post graduate level. He has published 10 patents to his credit.

Mr. V. Venkatraman
Assistant Professor
Department of Civil Engineering
Solamalai College of Engineering,
Madurai

Mr. V. Venkatraman is an accomplished civil engineer and academic with over 12 years of experience in education and industry. He earned his Bachelor's degree in Civil Engineering from JJ College of Engineering and Technology, Trichy, in 2009, graduating with First Class. He furthered his studies by completing a Master's degree in Infrastructure Engineering and Management at Thiagarajar College of Engineering, Madurai, in 2013, where he achieved First Class with Distinction. Currently, he is pursuing a Ph.D. at Anna University. Throughout his career, he has contributed to various prestigious institutions, including Kamaraj College of Engineering and Technology in Madurai and Sri Shakthi Institute of Engineering and Technology in Coimbatore. Presently, he serves as an Assistant Professor and Head of the Department of Civil Engineering at Solamalai College of Engineering, Madurai. He is also actively engaged in consultancy and construction projects across Madurai, applying his expertise to advance local infrastructure and community development.
